Decluttering *for* June (Visible Wins)

WEEK 1: LOW EFFORT, BIG IMPACT

SUN	31	Ordinary & Happy O&H ☐
MON	1	**The Donation Box** *Start a donation box or bag to add to throughout the month. Add one item to it today to get it started. Continue adding to it throughout the month as you work through the decluttering tasks. Place it somewhere visible so you're reminded of it every day. Donate it when full or at the end of the month.* ☐
TUE	2	**The 15-Minute Challenge** *Set a 15-min timer and find items that are out in the open to donate. By focusing on items that are out in the open, you'll achieve an easy, visible win. Today is not about decluttering the back of the closet or cabinets. Keep it easy today.* ☐
WED	3	**The 'Guests Are Coming Over' Challenge** *Pretend guests are coming over and reset the entryway, putting away what you don't need. This might involve putting away out-of-season items, donating the pair of shoes that no longer fits, tidying and making room for guests' shoes and accessories.* ☐
THU	4	**The 'Floor Sweep'** *Remove everything from the floors that's not furniture or meant to be there (e.g. potted plants). Put away toys, gym bag, sports gear, books, boxes, and other things that may have been unintentionally left on the floor.* ☐
FRI	5	**The 'Relaxing Area'** *Declutter and tidy the living room area where you relax in the evenings whether that's your couch and TV area or a reading nook.* ☐
SAT	6	**The 'Annoying Area'** *Pick the visible area that's been bothering you the most. Set a 20-min timer, and declutter what you can in that time. Stop when the timer ends.* ☐
