Final Week of Decluttering

July 26-31

SUN	26	**Go through all the gardening tools and donate items you don't need (or toss broken ones).** *Check each item for its condition and ask yourself if you still need it. Donate ones you don't need if they are still in good condition. Recycle or toss anything broken beyond repair. Organize the remaining ones.*	☐
MON	27	**Pick a color and declutter items of that color.** *Turn today's decluttering task into a game and choose a single color to declutter. Look for items in that color and decide what to keep, toss, recycle, donate, or relocate.*	☐
TUE	28	**Pick a letter and only declutter items that start with that letter.** *Pick a letter from the alphabet and look for items that start with that letter. You can use our Alphabet Decluttering Challenge that lists items for every letter in the alphabet. Once you find the items, decide what to keep, donate, toss, recycle, or relocate.*	☐
WED	29	**Set a timer for 30 minutes and pick items to add to the donation bags.** *Focus on finding items that you no longer need or want. Try not to overthink. If you haven't used it in over a year and don't plan on using it again, add the item to the bag.*	☐
THU	30	**Sort through and organize any board games and other entertainment items.** *Get all your games organized for the next game night. Check that the games have all their pieces, toss/recycle ones that are damaged or don't have the pieces, and donate any that you no longer enjoy.*	☐
FRI	31	**Drop off donations and celebrate completing the challenge.** *Today's the day to get all the donation bags or boxes out of the house. Take them to a donation center or charity. Once finished, celebrate a successful month of decluttering.*	☐
SAT	1	Ordinary & Happy O&H	☐
