DAY 24

July DECLUTTERING

Do a surface sweep in the second bedroom or guest room.

If you have a guest bedroom, it can often end up as a bit of a storage area.

Do a quick sweep of the surfaces (e.g., bedside tables, chest of drawers).

Clear any items that don't belong there (e.g., delivery boxes, seasonal items, laundry, hobby supplies, things with no permanent home).

If you don't have a guest bedroom, you can continue tidying the main bedroom or another room of your choice.
