

September

Decluttering

Ordinary & Happy
O & H

Daily Ideas for 6th-12th

S U N	6	Sort through your summer clothes and get the fall clothes out. Set a timer for 30 minutes and try to do this in batches to avoid getting overwhelmed. Put away summer clothes you no longer need in September but plan to wear again next year. Donate ones you no longer want or need as well as ones that don't fit anymore. Pull fall clothes to the front of your closet.	☐
M O N	7	Organize fall accessories (coats, scarves, gloves, hats). You can do this one category at a time and use organization items to help you (e.g., a multi-scarf hanger, clear boxes or hooks for purses, a jewelry stand or box). Consider whether there are any accessories you want to donate.	☐
T U E	8	Sort through the summer shoes and get the fall ones out. Line up your summer shoes to see them all. Sort them into 1) store away 2) keep out to still wear in September 3) donate and 4) toss. Get the fall shoes out of storage and organize them.	☐
W E D	9	Take 30 minutes to declutter the nightstands in the bedroom. Start with the top of the nightstands, clearing everything from it and wiping it clean. Return only the essentials (e.g. phone charger, lamp, book). Next, focus on the inside of the nightstands, sorting into 1) keep 2) relocate 3) donate and 4) toss.	☐
T H U	10	Take 30 minutes to declutter under the bed. Pull everything out and vacuum/clean under the bed. Sort everything into 1) keep 2) relocate 3) donate 4) toss.	☐
F R I	11	Take 30 minutes for a general bedroom declutter. A quick way to declutter the bedroom is to first take 15 minutes to identify things to donate or toss. And then take the remaining 15 minutes to focus on visible surfaces for quick wins (e.g. put away any clean clothes, put dirty clothes in the laundry, wipe all the surfaces clean).	☐
S A T	12	Declutter the entryway, making room for fall items (backpacks, umbrellas, jackets). Remove everything you no longer plan to wear or use in September and sort into 1) store away 2) donate or 3) toss. Organize the fall items that belong in the entryway (e.g. fall shoes, jackets).	☐
